falling  
but you never will fall done  
you saw me  
now follow me

it reaches through the clouds  
but you never will fall down  
you saw me  
now follow me

and you know that youre leaving  
so you slide to a form-uncomfortable  
and you know that youre leaving  
so you try to avoid

and you know  
how it goes

and i dont mind running along  
on our little drive to the sun  
and we will be real strong  
and we will go real high  
and we will not ask why  
on our little drive to the sun  
cause i wanna be  
falling (falling)  
but you never will fall done

you saw me  
now follow me  
it reaches through the clouds  
but you never will fall down  
you saw me  
now follow me

and you know that youre leaving  
so you slide to form-uncomfortable  
and you know that youre leaving  
so you try to avoid

well i dont mind running along  
on our little drive to the sun

and we will be real strong  
and we will go real high  
and we will not ask why  
on our little drive to the sun  
cause i wanna be  
falling  
but you never will fall done

you saw me  
now follow me(x3)

can a man mark it?  
his will to survive  
can a man mark it?  
his will in the sky  
can a man mark it?  
the way that he knows  
can a man mark it?  
the world wants to know  
can a man mark it?  
of course he can  
can a man mark it?  
of course he can  
can a man mark it?  
of course he can  
can a man mark it?  
of course he can.
