Well I'm on my way  
I'm too good to be by myself again  
Well I'm on my way  
I'm too good to fly by the seat of my..  
Well I'm on my way  
I'm too good to be all alone  
Walking through the palace  
I'm twisted through the malice  
I'm searching for the door  
but there's no door around  
She is looking scary  
I think I'll start to swim now  
in the tears I lost  
before the day that she died  
As I'm getting older  
I think I move much slower  
Reaching for my friend  
but there's no friend around  
I warned you  
You make me hide  
I warned you  
I can feel you  
but you can't feel me  
and I will tear down  
all the strings  
you have on me  
cause time  
it goes by  
like the leaves that blow  
and tides they carry  
all the fears I have inside  
Well I'm on my way  
I'm too good to be by myself again  
Well I'm on my way  
I'm too good to fly by the seat of my..  
Well I'm on my way  
I'm too good to be all alone  
Walking through the palace  
I'm twisted through the malice  
I'm searching for the door  
but there's no door around  
She is looking scary

I think I'll start to swim now  
in the tears I lost  
before the day that she died  
As I'm getting older  
I think I move much slower  
Looking for my friend  
but there's no friend around  
I warned you  
You make me hide  
I told you  
You, you  
you make it, make it  
And I don't wanna  
take it, take it You, you  
you make it, make it  
over and over and
