when we were friends  
this i know  
i waited a long time ago

i wonder where we left off  
when we were friends

when we were friends

when we were friends  
this i know  
i waited a long time ago

i wonder where we left off  
when we were friends  
i wonder where we left off  
when we were friends

sold to me for life?  
i want her  
sold to me for life?  
i want her

ba-ba ba  
la la la-la

i want her  
ba-ba ba
