(Harold Steinauer)

Since you went away
It's the end of days, only misery
When you set me free
I lost a part of me
No more honesty
Every day I sighed
Every night I cried when I realized
What I really feel what I really mean
Is your love and harmony

CHORUS:

No, I'll never get over you
No matter what I do
No matter how I try
No, I'll never get over you
No matter what I do
I know the reason why
Because I love you
And I couldn't live without you
Oh, how could I ever doubt you?
No, I can't get over you

On a dead end street
They'll remember me, that's my destiny
It's a crying shame
Now I'm the one to blame for this misery
Deep inside I know that you shouldn't go
And I realised
What I really feel what I really mean
Is your love and harmony

CHORUS

Tears are falling down
Sadness all around
Endless days
Lonely ways
When you're not around

GUITAR SOLO

Because I love you
And I couldn't live without you
Oh, how could I ever doubt you?
No, I can't get over you

CHORUS
