Above and beyond my hopes and all my dreams  
Frozen in time and everlasting scene  
Seasons have come and many seasons went  
And now at the rainbow's end.  
You are my sunshine on a cloudy day  
You make the icicles melt away  
Suddenly life's a warm and brighter place now that  
you're here with me

Your love is taking me high, adrift in the sky, my spirit's  
in flight  
No one could eve compare to your love  
Above and beyond all the clouds  
Above and beyond all the stars to heaven

Above and beyond as far as I can see  
You are the only one my everything  
You bring the sun a smile to my face  
The highlight of all my days  
I was surrounded walls were closing in  
So deep inside no one could find the way  
Out of darkness with your helping hand and into the  
light again

Your love is taking me high, adrift in the sky, my spirit's  
in flight  
No one could eve compare to your love  
Above and beyond all the clouds  
Above and beyond all the stars to heaven

Oh there's nothing I can't do,  
With you I feel brand new  
I dedicate this song to you

Your love is taking me high, adrift in the sky, my spirit's  
in flight  
No one could eve compare to your love  
Above and beyond all the clouds  
Above and beyond all the stars to heaven
