(Trust to love) You don't have to say a word
(Inside of you) Just know that whenever you want to
come back to me
(This is my destiny) I'll be waiting for you

Chorus 1

Trust the warmth inside
Can you feel the love inside and when it hurts
Look to your heart and the love that you find is my love
Please don't tell me why
Why it's okay to just not try it
cause you know my heart can set you free
So don't you give up on me

Verse 1

In the end when I said and done
You should know that I'll be there
Baby believe in me, how could I ever let you go
You are every breath that it takes
There's a reason awake, all the men that I meet
So baby, please, believe in all the faith that we are
So baby,

Repeat Chorus 1

Verse 2

Pray to god that I'll make you see that i'm not like all the
rest
Your fear is killing me, why did you run from destiny
If you give me just another chance
Let me prove what to say, let me take you inside
Show you the way
Your past doesn't mean the future,too
So baby,

Chorus 2

Faith is all we need
It was love that set us free and when it hurts
Look to your heart and the love that you find is my love
Please don't tell me why
Why it's okay to just not try it

cause you know my heart can set you free
So don't you give up on me

Bridge

Take a risk and let your heart decide
If what we had was meant to be
Cause this way is killing me
Don't you know I love you

Repeat Chorus 1

Repeat Chorus 2

Trust to love

Cause you're all I'm dreaming of
Have faith in our destiny
