Once so long ago
My heart has crushed
And turned to stone
Now a cold façade
Protects and shields
Their words echo

CHORUS

Here comes the ice queen
No heart and no emotions
So it seems
But they don't really know how I can be
Don't judge me based on what you see
The lonely ice queen
No one is ever good enough it seems
I'm just a little shy, misunderstood
You think that you could melt my heart
Then break the ice

Snow fell all around
Onto the ground
They put me down
Trapped beneath the ice
No sign of fire
But still they cry

[REPEAT CHORUS 3X]
