Moonlight high above the trees  
Such a peaceful night it is  
By myself Im sitting here  
The memories are clear  
Of love I never could reveal  
There's a gentle swaying breeze  
While my eyes are filled with tears  
All the things you couldnt see  
The love that I still feel  
I never thought you'd ever leave  
Chorus  
Silently through all the years  
My heart aches 'cause you're not here  
Took for granted you'd be there  
I never showed I cared  
And now you're only in my dreams  
All the time could never heal  
What Ive lost and what I feel  
You were taken far away  
And now it's just too late  
And fate has sealed my destiny  
Sadness cuts my heart so deep  
What a life it couldve been  
By myself in disbelief with misery and grief  
This never was supposed to be  
Twilight glimmers in the stream  
Soon another day begins  
Wishing you were here with me  
To share new memories  
And all the secrets that I keep  
Chorus
