Beneath the silver moon  
I held yoOh endlessly  
And dance the night wit yoOh  
Cuz yoOh were meant 4 meeh  
The lights above the skies  
were burning in ur eyez  
I gave mi heArt to yoOh  
That paper latern night  
but when yoOh went away  
All the lights turned faint and gray  
All the darkness in the night.  
never thought that we say goodbie  
So i hold it all inside, But i neva will forget.  
close my eyes and think of wen.  
all the stars were shining bright.  
Like the light shining in ur eyez.  
As we danced all through the night.  
Underneath the latern skie.  
A magical suprise,yoOh gave meeh there that night.  
You whispered in mi  
ear, the words i longed to herre.I wish that weeh could  
stay,Below the thousand  
lights.And never let it fade, Our paper latern night
