Oh mercury is rising fast.
Soon falling like the winters past.
Once in a land of certainty
then crumbles in diversity.
So disappointing, yet so surprising...

You take me, take me up and down.
I feel so lost and then I'm found.
One day you take me high above and
then I'm crashing to the ground.
I don't know why I'm hanging on.
your love just takes me up and down
around then crashes to the ground.
