Listen closely as the wind is blowing,  
There is something different in the air  
A cold wind that's changing everything

Far ahead beyond the new horizon,  
There are dreams you can't imagine  
It starts with the Year of the Dragon

This is the moment, the future is bright and clear  
Turning and turning, the coming of Golden Year

Winds of change, a time that's filled with wonder  
Can you feel excitement in the air?  
A cold wind that's blowing everywhere

Falling leaves and even flowers blooming  
Mystic feelings all around here  
A season for your new beginning

This is the moment, the future is bright and clear  
Turning and turning, the coming of Golden Year

The Year of the Dragon..  
The Year of the Dragon..

Listen closely as the wind is blowing,  
There is something different in the air  
A cold wind that's changing everything

Far ahead beyond the new horizon,  
There are dreams you can't imagine  
It starts with the Year of the Dragon

This is the moment, the future is bright and clear  
Turning and turning, the coming of Golden Year

This is the moment, the future is bright and clear  
Turning and turning, the coming of Golden Year  
Another 100 years, the coming of Golden Year
