It seems we're running out of time
I won't hang around to see
My deepest fear become real

Rather than to be with you I stay alone
I won't answer the door, I won't answer the phone

You say you'd do everything
To get to the top
I know you'd do anything
And you'd never stop
You hurt me really bad
Ain't it sad
And you'd do it again
So now I'll get out while I can
Who's sorry now?

So now I'm out the door
Ready to explore
all that I have missed
At all the times that we kissed
So who's sorry now

Rather than to be with you I stay alone
I won't answer the door, I won't answer the phone

You say you'd do anything...

I suppose that you'll get on with your life
And get yourself a pretty little wife
Someone who does as you please
But she will never be me

Who's sorry
Now I'm away
I should have done it yesterday
I am so relieved to be free
I'll find my own way

You say you'd do...
