Ask me how much you mean to me  
And I wouldn't even know where to start  
Ask if this love runs deep in me  
And you won't find a deeper love in any heart

You could say you couldn't live one day without me  
You could say all of your thoughts are about me  
You could think no other love could be as strong  
But you'd be wrong  
You'd be wrong

If you say that you love me  
More than anybody  
Than anyone's ever been loved before  
As much as you love me  
Baby, I'll still love you  
Baby, I'll still love you more  
I'll still love you more

Ask me just what I'd do for you  
And I'll tell you I would do anything  
Ask if this heart beats true for you  
And I'll show you a truer heart could never be

You could say there's not a star that you won't bring me  
You could say there'll be no day that you won't need  
me  
You could think no other love could last as long  
But you'd be wrong  
You'd be wrong

If you say that you love me  
More than anybody  
Than anyone's ever been loved before  
As much as you love me  
Baby, I'll still love you  
Baby, I'll still love you more  
I'll still love you more

And for every kiss  
I'll kiss you back a hundred times

And for everything you do  
I'll just do more  
And for all the love you give  
I'll give you so much back you'll see  
Got so much love for you inside

If you say that you love me  
More than anybody  
Than anyone's ever been loved before  
As much as you love me  
Baby, I'll still love you  
Baby, I'll still love you more  
I'll still love you more

If you say that you love me  
More than anybody  
Than anyone's ever been loved before  
No matter how much you love me  
Baby, I'll still love you  
Baby, I'll still love you more, yeah  
I'll still love you more
