Ask me how much you mean to me  
and I wouldn't even know where to start  
ask if this love runs deep in me  
you won't find the deeper love in any heart  
You could say you couldn't live one day without me  
you could say all of your thoughts are all about me  
you could think no other love could be as strong  
you'd be wrong, you'd be wrong

Chorus :

If you say that you love me,  
more than anybody  
than anyone's ever in love before,  
as much as you love me  
Baby I'll still love you more,  
baby I'll still love you more  
I'll still love you more

Ask me just what I do for you  
I'll tell you that I would do anything  
ask if this heart beats true for you  
I'll show you a truer heart could never be

You could say there's not a start that you won't bring  
me  
you could say there'll be no day that you won't need me  
you could think no other love as last as long  
you'd be wrong, you'd be wrong

Repeat chorus

And for every kiss I kiss you back a hundred times  
and for everything you do I just do more  
and for all the love you give,  
I give you so much back you'll see  
gosh so much love for you instead
