It's just a cup of coffee  
He's only passin' through  
There is nothin' more between us  
Than a memory or two

I know what you're thinkin'  
But this time I'm tellin' you  
It's just a cup of coffee  
He's only passin' through

I'm meetin' him at midnight  
At the old highway cafe  
I'll be home in an hour  
Don't look at me that way

There is nothin' more between us  
Than a memory or two  
It's just a cup of coffee  
He's only passin' through

And I know you've heard it all before  
And you think I'm a fool about to fall  
What am I talkin' to you for?  
'Coz I've made up my mind and after all  
You're only a mirror on the wall

No one ever bothered  
To give him back his ring  
And yes, I'm wearin' perfume  
But that doesn't mean a thing

You're only a reflection  
Don't tell me what to do  
It's just a cup of coffee  
He's only passin' through

And I know you've heard it all before  
And you think I'm a fool about to fall  
What am I talkin' to you for?  
'Coz I've made up my mind and after all  
You're only a mirror on the wall

There is nothin' more between us  
Than a memory or two  
It's just a cup of coffee  
He's only passin' through
