Well, I drove past your house last night
And I looked in your window
Lately I ain't been feelin' right
And I don't know the cure, no
Still I can't keep from wonderin'
If I still figure in your life

Could you take me back and try me?
Try me again
(Try me again)
Could you try me again?

I drove around in this lonesome town
Felt just like a beginner
Friends I saw, they just brought me down
They're so cynical and bitter
Well, I guess I'm just like them now
I never thought I'd turn out like that

Could you take me back and try me?
Try me again
(Try me again)
Could you try me again?

Well, you say that I cheated
I was not what you needed
Well, you're not being kind
When you say you tried
(Say you tried)
And you know you lied
(Know you lied)
My hands are tied
Oh, try me again

Then I knock on your door
'Til you say, you'll come back again
And love me some more

Ohh ohh oh
(Try me again)
Could you try me again?
(Try me again)

Ohh, try me again
(Try me again)
Try me, try me again
Try me, try me again
Try me, try me again
Oh
(Try me again)
Try me, try me again
