I blew out all my plans
The world fell in my hands
The day that I began
Trying to love you

The secrets I have kept
The nights I haven't slept
I've laughed until I've wept
Trying to love you

Trying to love you
No one's come as close or gone so far
(Trying to love you)
I've lost and found myself in who you are
(Trying to love you)
So easy and so hard trying to love you

I've watched myself get stuck
I squandered all my luck
I've almost given up
Trying to love you

Trying to love you
Broke my heart, it's chipped away my pride
(Trying to love you)
Every time, I'd see that fault line slide
(Trying to love you)
I've crossed the great divide trying to love you

Trying to love you
I've screamed your name, I've slammed a thousand
doors
(Trying to love you)
An' I've worn a million miles across the floor
(Trying to love you)
Still I could not ignore trying to love you

It's pulled the best from me
For all the world to see
I guess I'll always be
Trying to love you
