I remember that the road was wet  
The bright lights from the cars ahead  
I remember every word from the prayer I said  
And I remember how time stood still  
It seemed like forever until the world came crashing  
down  
Around me, and I closed my eyes  
And I wondered if it was my time  
Or was there a...

Highway Angel, a beautiful stranger  
Who would be the light, on my darkest night  
And save me from this hell  
Highway Angel

I remember how you reached your hands through the  
broken glass  
And how it all just seemed to go so fast  
I never even got your name, but how could I forget the  
face  
Of a hero sent my way by God's amazing grace

Highway Angel, a beautiful stranger  
Who would be the light, on my darkest night  
And save me from this hell  
Highway Angel

Road to road, coast to coast  
Giving back when they get the chance to  
Saved my life passing through  
I thank God I can say, thank you

God bless my  
Highway Angel, a beautiful stranger  
Who would be the light, on my darkest night  
And save me from this hell  
Highway Angel

Hallelujah, Highway Angel  
Hallelujah, Highway Angel  
Hallelujah, Highway Angel

## Hallelujah, Highway Angel
