We're working hard and saving money
For a little place downtown
Where the streets are lined with trees
That are bigger than our house
Little yard with a swing
Where the kids will someday play
Fireplace made of stone
We'll stay in on the cold days
Stay in on the cold days

Summer time, and then the Fall
All that's green will turn to red
Piled leaves in the yard
Make for us a cozy bed
Bundle up and take a walk
Hand in hand around the block
If it's cold we can go
To the corner coffee shop
Stay in on the cold days

When it's cold
With you, my love
I'll do my best to keep you warm
Cause all I need is to feel your touch
We'll grow old on and on
We'll stay in on the cold days
We'll stay in on the cold days
We'll stay in on the cold days

When it's cold
With you, my love
I'll do my best to keep you warm
Cause all I need is to feel your touch
We'll grow old on and on

But you were my scarf

We'll stay in on the cold days
We'll stay in on the cold days
We'll stay in on the cold days

We'll stay in on the cold days
We'll stay in on the cold days
