I get nervous when I'm broke  
So I spend more money  
And I don't get your jokes  
But I still think you're funny  
Made a choice that day  
That I'm gonna be okay, okay

I tell you that I miss you  
But I'll never call  
I wrote a poem about you  
Wrote about a new song  
Made a choice that day  
And that's the last thing I'll say to you

Know me a minute and you will see  
I'm complicated, but I'm on my feet singing  
Know me a minute and you will find  
I'm playing safe and I'm crossing lines singing

I think I wanna love you but I build up walls  
So I throw you a rope, but the rope's too small  
I made a choice that day  
That you seem so far way from me

I'll tell you that it's over, then I'll tell you it's on  
I want you to stay just as soon as you're gone  
I made a choice that day  
That's the best I can do for you

Know me a minute and you will see  
I'm complicated, but I'm on my feet singing  
Know me a minute and you will find  
I'm playing it safe and I'm crossing lines singing

You don't know what you've been getting yourself into  
Getting yourself into

I understand if you can't stay  
Mmm, know me a minute and you will find  
(Know me a minute)

Know me a minute and you will find  
I'm playing it safe and I'm crossing lines singing  
Know me a minute and you will see  
I'm complicated, but I'm on my feet singing

Know me a minute and you will see  
Mmm, know me a minute and you will find
