You say i'm crazy, cause i can't make up my mind  
But i wont let it faze me, instead i leave all these  
thoughts behind

Cause you say, that you've got  
Someone who's wasting your time  
But thats alright, cause i got someone  
Who's wasting mine

It's in the way u move  
Baby what you doin to me  
Can't stand it, can't hold back  
Everytime i see ya get  
Beautiful, beautiful

It's in the way you do  
Baby what are you doing to me  
The way you shine, strum your chords  
They way your mine, the way u sing your words

It aint my fault I'm fallin, cause you got what it takes  
Earthquakes couldnt shake the foudation that we  
buildin off of  
And though a long time i waited, but i never loose faith  
I'd meet someone like you, yeah I'ma crazy libra baby  
Always searching for balance, sometimes to choose  
right from wrong you know is such a challenge  
But gemini, if we try, you and i, you will find all the time  
we wasted  
Just give us time to find each other  
Yeah, peanut butter jelly  
Bread and butter

It's in the way you move  
Baby whatcha doin to me  
Can't stand it, can't hold back  
Everytime i see ya get  
Beautiful, beautiful

It's in the way you do

Baby what are you doing to me  
The way you shine, strum your chords  
The way your mine, sing your words

Ahh you gimme that feeling, feelin

No you were never second best  
Wouldnt let you settle for less  
Ahh babe thats for sure, here you come down with the  
confidence  
Cause you had me at first glance  
Ahh babe thats for sure, don't you gimme that feelin,  
feelin  
Ahh babe your dangerous  
Ahh baby thats for sure, here you come knocking on  
my hotel door

And you bless, never stress me, come careess me  
Like the wind caress the tress

Tugging on my skirt  
Taking off my shirt  
Whatever you doin, well it seems to work

Hold me down, hold me down, hold me down  
Hold me down, hold me down, hold me down

Baby what are you doing to me

Hold me down, hold me down, hold me down  
Hold me down, hold me down, hold me down

Baby what are you doing to me

Can't stand it, can't hold back  
Everytime i see ya get  
Beautiful, beautiful

Yeah you give me that feeling feeling
