You know I love the way my hand fits in yours
cause I've been down for so long and you're my cure
but you're driving me crazy, completely crazy
I cant get enough, cause you amaze me
every time you look my way, I don't know what to say,
to you...

now your breaking girls hearts like a habit
like you lost all the trust in this world
but maybe I have it
tell me, what makes an ocean
different from a sea
what did you loose in her, that you found in me
so long ago, so long ago
you set me free

might as well be just as scared as you are
cause who'd of thought we woulda made it this far
but you've been fucked up every time
so I guess, really you were never mine

cause baby
you cant find me
you cant deny me
when you look at me
you look past me
and you lost me
completely

but still I love the way your eyes look in mine
and its too bad we can feel this way all the time
cause the breath between our lips
when we kiss
is something I hope I never have to miss
but your driving me crazy
completely crazy
every time

I'm looking at you but your looking at her
I guess I was blind, cause you always were
you've already given up on me
so long ago, so long ago, you set me free
