Hello
I've had you on my mind
For hours there's no doubt
And there's no use wasting time

And hello
How could I ever feel this way
With so much left to say
And so much on my mind

I know there's no use for
Trying harder I got to
Gage and barter to get out

'Cause baby you start and then you stop
And my heart beats big before it drops
And I don't know what's to do

Uh uh uh, uh uh uh, uh uh uh, uh
Sit back
Let me love grow good for you

And hello
My god you're beautiful
It's true, everyday I stumble
Getting caught up on you

And now I
I never been so amused
There ain't nothing left to prove
I ain't got nothing to lose

'Cause baby, I've been lightly drinking
And a little bit too heavy on the thinking
And won't you tell me something good

'Cause baby you start and then you stop
And my heart beats big before it drops
And I don't know what's to do

Uh uh uh, uh uh uh, uh uh uh, uh

Sit back and let my love grow good for you
I sit back and let my love grow good for you

So baby, baby whatcha waiting
Whatcha waiting
Whatcha waiting for

Whatcha waiting
Baby whatcha waiting for

Tell me baby oh
Whatcha waiting for
Yeah, oh, yeah so baby

Whatcha waiting, waiting
Whatcha waiting for
So my baby, baby whatcha waiting for

Tell me baby oh
Whatcha waiting for
Yeah, oh, yeah 'cause baby

I've been lightly drinking
And a little bit too heavy on the thinking
And won't you tell me something good

'Cause baby you start and then you stop
And my heart beats big before it drops
And I don't know what's to do

Uh uh uh, uh uh uh, uh uh uh, uh
Sit back and let my love grow good for you
Yeah, I sit back and let my love grow good for you
Uh uh uh, uh uh uh, uh uh uh, uh
