[Tristan Prettyman]
you know you're stunning
you're absolutely stunning
and I'm running always running

and now I'm crying
you know only 'cause I'm caring
and if you were more daring, maybe you'd stop staring
come over and talk to me
and tell me about how you've been waiting so patiently
and how you tried but I just turned away
and I'll say, "yeah well you know, I'm shy that way"

shy that way
baby I am shy that way

[Jason Mraz]
you know you're stunning
you're absolutely stunning
but you're always running
but I'll catch up to you..

the way you keep your distance
is keeping my interest
so I'll keep it consistent and go on...

mhm...maybe someday, someday, somehow, and
sometime
we'll get together and we'll break it down
and I'll ask, "why you've been so shy, gotta be that
way?"
well maybe, baby, oh love, I like it that way
oh oh
shy that way

You know I love you so shy, shy that way

[Tristan Prettyman]
so keep it coming, coming, coming, coming
shy that way

[Guitar solo]

[Tristan Prettyman]

there's always too much talking
and I wanna just keep walking
but I keep staring, baby, keep staring
though I may not know the right things to say
I'll get it out to you one day

[Tristan and *Jason*]

I'm shy that way
You're shy that way

do you like it? do you like it when I'm shy this way
yes I like it, yes I like it, when your shy

together: shy that way

I like it I like it I like
Yeah it's okay 'cause we're shy that way.
