Well I'm the icing on the cake
I'm the secret ingredient you're missing
Down the sidewalk but not complete
And I'm the reason that, baby you're tripping
On decisions you didn't make
I'm the chance you chose not take
And I'm the one you wish you were kissin'
Pray for clear skies tonight
You better start wishin'

So you write the title
I'll write the chapters
We could read a story of love gone disaster
You write the moral
And I'll write the lesson
We could read a love that kept us guessin'

Cause I'm in the question
You are in the reason
Soon this will change
Just like the seasons
My leaves will fall
While you're turning cold
And the colors are on the ground are so bright and so
bold
And I'll make no motion
You'll hold me tightly
I'll look at you as you let me down lightly
Oh the story always ends up like this
Another opportunity that you're going to miss

So you write the title
And I'll write the chapters
We could read a story of love gone disaster
You write the moral
I'll write the lesson
We could read a love that kept us guessin'

Oh but I know you so well
When are you gonna come around
Oh I know you so well
When are you gonna come around,

Oh oh oh
You want it to be like this
Oh oh oh
I see how it is
Another opportunity that you're going to miss
