You wanna make a move,
Well go on, get on
I'm ready now
I've been all along
Won't you take your time?
You do it so well
But I'm beside myself
With the feelings I felt

You can try to understand
Things you don't plan
Ain't no need to define
A reason or a rhyme
I'm just gonna love you
Like you love me
Unconditionally

So won't you hang around?
Cause you hurt me so well
And I'm all so (?) down
For weeks can you tell
How you hold your own
And you don't put up a fight
Baby just promise me
You'll keep me up all night

And I won't try to understand
Things you don't plan
Ain't no need to define
A reason or a rhyme
I'm just gonna love you
Like you love me
Unconditionally

Like family, like coming home
Like forever no matter where
You go,
I just wanna love you
I just wanna love you, yeah
So I'm gonna love you
Like you love me

Unconditionally
Unconditionally, yeah.
Unconditionally, yeah.
