Well, there are times when you know  
When you should stay, when you should go but you  
don't  
Rehearse the lines in your head  
You know what needs to be said  
But it all comes out bad

And if it's space that you need  
If time is falling at your feet  
Walking away empty  
Love is a crazy dream

Is it what you want?  
Is it what you need?  
We go back and forth  
Making war out of peace

And you won't let go  
And I won't give up  
We go round and round  
But is it ever enough?  
Is it ever enough?

Lately I'm falling away  
Growing more quiet by the day  
Not really sure why even feel this way  
I guess I got a little scared  
Someone could actually care  
This time just might be something there

And if it's change that you need  
A little more mystery  
Some kind of deeper meaning  
Love is a crazy dream

Is it what you want?  
Is it what you need?  
We go back and forth  
Making war out of peace

And you won't let go  
And I won't give up

We go round and round  
But is it ever enough?  
Is it ever enough?

I'm sure I'll mess it all up  
I'm sure I'll try to convince myself  
That I just need time to be  
But what I want to be is  
Something else, yeah someone else

So why did we cross the line  
Mess it all up with the time  
And in the end just assume it'll be alright?

Is it what you want?  
Is it what you need?  
We go back and forth  
Making war out of peace

And you won't let go  
And I won't give up  
We go round and round  
But is it ever enough?

Is it what you want?  
Is it what you need?  
We go back and forth  
Making war out of peace

And you won't let go  
And I won't give up  
No I won't give up  
No I won't give up  
Won't give up  
No I won't give up
