Album: Eye Candy (2003)

[Verse 1]

Remember the time when we used to play yeah yeah  
Knock down ginger and we braid hair  
Drunk slush puppies every day and  
Now you're not around  
A trip to the sweet shop oh was a treat  
When your mama gave us 50p  
What happened to those good old days  
You ain't here with me

So how you been?  
I know I haven't seen you  
I heard you were working  
Not as much as you do  
Just keep trying  
Maybe I'll come and see you  
You know I'm gonna be here

[Chorus]

I know it's taken time, you felt I left behind  
My ordinary life but it's the path I had to find  
To get some peace of mind I had to leave you for a  
while  
I felt empty deep inside withut my best friends by my  
side

La la la la la la la la (x4)

[Verse 2]

Remeber the time when we took the train yah yeah  
Got home late my mum had grey hairs  
Sleepovers on saturdays yeah  
Girl I miss those days  
Remeber when Bobby Brown was the craze  
We used to sing along like everyday  
What happened to the pact we made  
To never separate

What you doin at 8?

Coming round to see you  
Don't be late  
There's so much that we should do  
Just like old days  
Got everything to tell you  
Good friendships don't come easy

Chorus x2

Wherever we've been along the road  
You've always been a friend to me I know  
I'll stick with ou till the end  
Through thick and thin  
You'll always be my best friend Chorus repeat to end
