(Chorus)

Gave you my love and i cant get it back
Gave you all my time and i cant get it back
Now the ring that you gave me you cant have it back
Cause its just not going down like that
Gave you my time and i cant get it back
If you want my love and i cant get it back
Now the things that you gave me you want them back
But its just not going down like that

Verse one when we begun
You know you had a sister old strong
When we hung
Cause the brother was nice with his son
As we played every day
You always knew just what to say as we lay
And than get married the very next May

As time will come we were tone
Used to love me from dost till dawn
Make a trip from night till morn
You change your soul
So you can no longer keep me warm
Cause the love that we shared was gone

Cause you better know
That you cant get it back
What you put in this relationship
Im telling you so cause I cant get it back
Calling my kissing and hugging and loving
So Im telling you

(Chorus)

Verse two now were through
Up on my life and the way love threw
And its cool the glass shoe on another you fool
Cause I accept why you crap
Couldnt take the heat so I ware your stamp
Now Im sad and I took it back for nothing what you left
I gave you my all but ever so small

I cant call cause every player has got to ball

As seasons change you couldnt hang
But if you think youre coming back for the same

Cause you better know
That you cant get it back
What you put in this relationship
Im telling you so cause I cant get it back
Calling my kissing and hugging and loving
So Im telling you

(Chorus)

Now let me tell you something about me-acap
