Album: Eye Candy (2003)

[Verse 1]

When we met I was a shy kinda girl
I had no worries, not a care in the world
You take me places I would never have dreamed
And now I'm loosing all control so it seems
I'm so glad I found you

[Chorus]

I can hardly get to sleep
You're in my head it's getting deep
That frist stage clue, I'm crazy for you
When my feelings start to show
When my body tells me so, I know it's true
It's beginning to feel like, beginning to feels like love
Like the sun on my skin on a hot summers day
Like a song in my head that won't go away
Like the smile on my face 'cos you make me happy
Ohhhh

[Verse 2]

Everyday feels so special just like the first
You caught me by surprise I thought love would hurt
I'm ready for whatever you got to give
And I'm not looking back no more I wanna live
And I'm so glad I found you

Chorus

[Bridge]

Baby now I'm loving you (I love)
I know what I gotta do
There aint no life here without you
I'll build my whole world around you
So now I make you a promise
Stay true be fithful and honest
Let's take this journey together
For worse or for better

Chorus repeat to end

Can't run can't hide feels right how I'm loving you
