Verse 1,

It's Friday, I'm feeling that I wanna party.
So call up my friends and come on everybody
Gonna make it tight, gonna make it alright
However you want it I'm sure that we got it
So don't be afraid come along and jump on it
Sometimes when you feel low
You just gotta let it go

Bridge,

So get watch how we roll
So don't bother adjust the tempo
Leave your stresses out the window
You just gotta let it go

Chorus,

Forget about your worries all your troubles seem to be gone

When you let me sing my song Cause the mood is right gonna get you high The rhythm's running thrugh me flowing deep down in my soul

When the music takes control So dance all might to the morning light

Bridge,

So get ready watch how we roll So don't bother adjust the tempo Leave your stresses out the window Don't bother adjust the tempo

Verse 2,

On days when you're feeling
That life has no meaning and nothing you do seems to be as appealing
Gotta enjoy yoursef, ain't anout no-one else
So this is a song dedicated to you
For you and your crew seeing you through
Can you feel the bassline, Help me sing it

Bridge 2, So kick back and let yourself ride Don't touch the dial its alright We're making records to keep this alive Another one from the mis-teeq archives
