Album: Eye Candy (2003)

[Verse 1]

Felt like sunshine
When we showed in the dark
Taste like cany raindrops
Hailing on me, caught in the storm of your love
Precious moments I have captured
Like a picture caught in the frame of my mind
Plus I feel you breathing on me
I'm not lonely cause I have all of these

[Chorus]

Strawberrez and sweet bruises of love
They remind me of the night before
Never felt so good or been so sore
I find myself running back for more cause

[Verse 2]

All i do it think of how I'm hooked on your love
When you showed me what you can do
Last night was beautiful
Everbody thinks I'm crazy
Cause I'm always always laughing out loud
If they knew what I was thinking
They would tell me girl follow your heart
And let him no, oh that all I need to more
Of your sweet sweet sweet sweet love

[Bridge]

For your love oh (x4)

Cause it's like

Chorus

Strawberrez and sweet bruises of love
They remind me of the night before
Two hearts that throb from a love so pure I find my self
in your allure
