Ab Initio

[European version bonus track]

On this day the sky came alive
My lover and I witnessed a miracle
Suddenly you were here
And I felt like nothing could ever be broken
But days fickle away

[Chorus:]

If I could stop time from attacking
If I could slow everything down
A smile with no fear of tomorrow
Your time is yet to come

You laugh and you cry
You wear your against to the flow
You send me a smile
And to the night a dawn
Then it seems like you are falling asleep
But your eyes remain open
Like two evening star

[Chorus]

If I...

If I...

If I...

You could go anywhere

Your tears are numbered
Release me, I've slumbered

I've gone away
I've gone away

Your tears are numbered
Release me, I've slumbered

I've gone away [repeat to fade]
