Let us be the ones to put the thorn in thy eye  
...let us be the ones

Squalid the weak stumbles  
Through all of life's obscurities  
Lost in sacrilege  
Revere the name  
Accept the modesty

Falter through speres of the pain  
Exhausted hours... Exhausted hours

Nothing from thy world will remain thine  
Except the very privilege to die  
Squalid the weak stumbles...  
Orgasmic Mass Hysteria!  
You're creeping for a charlatan god  
Awake...  
Tristania Heretique
