My blood is tainted  
I serve you  
A setting sun bleeding  
Into an ocean of tears for you

Into an ocean of tears for you

It's an exodus  
From the dark

The night is breathing  
The night is attaining

Falling, falling  
Up the staircase  
Towards the moon, the stars,  
And the Venus-kissed Mars  
The ever-worry Mars  
Blood runs silent  
These days grow darker  
And the spite's eating at me

I see the dead awaken  
My faithful forsaken  
Cannot free

I am talking  
On a hidden line  
She says she is feeling  
She says she is dead

She says there is a downward spiral  
From the moon, the stars,  
The ever-worry Mars  
The ever-worry Mars

Blood runs silent  
These days grow darker  
And the spite's eating at me

I see the dead awaken  
My faithful forsaken

Cannot free

(oooh)

Blood runs silent  
These days grow darker  
And the spite's eating at me

I see the dead awaken  
My faithful forsaken  
Cannot free

Blood runs silent  
These days grow darker  
And the spite's eating at me

I see the dead awaken  
My faithful forsaken  
Cannot free
