"Out Of Control"

Visit "[Out Of Control](#)" on MotoLyrics.com

And now she's in that motel room
Puttin' on a show for some chump
Yeah, well baby's gotta make a livin'
And I don't mind waitin' out in the car
'Cause I got some nine millimeter muscle
In case things go too far.
You know I try to take it easy man
And just go with the flow
But sometimes things can get a little bit
Out of control.
Well my old man worked his whole life
In the Kaiser steel slag pit
And I worked there for awhile back when I was a kid
But I got tired of all their shit
But that was years ago man
Before they tore that Fontana plant down
And my old man smoked himself
Into a six-foot hole in the ground.
And I got the same bad habit
And it'll probably take its toll
But sometimes it's the only thing that keeps me

From goin' out of control.

Well my ex-wife's workin' evenings

At a Sizzler makin' minimum wage

And she's cleanin' up other people's houses

Every day just like some slave

She's livin' with the kids in a mobile home

Just off the 60 freeway

Some nights I go to see her

And sometimes she lets me stay.

Since she found Jesus

She's always tryin' to save my soul

Yeah but every now and then she still likes to get

A little out of control.

I used to work a little construction

But I never got along with my boss

So I do a little import/export

Makin' enough just to cover my costs

And I'm losin' my hair and I'm losin' my teeth

But I'm tryin' to keep my grip

And live to see one more day

Without makin' any stupid slips.

You know I could have played the game man

And just done what I was told

But I guess I was born just a little bit

Out of control.

When baby gets done in there I'm gonna
Take her for a little ride
Cruise up into the mountains
Park the car and get a little high
'Cause baby likes to look at the shootin' stars
And make wishes as they fly by
And I like lookin' down at the city
From way up there in the sky.
Then I pull baby close to me
When it starts gettin' cold
Close my eyes for a little while and let the world
Spin out of control.
