I was out on my own
in a great big world
Thought I'd seen it all
Then along comes
a woman, a fantasy
And I took the fall

I was chasing a dream
I was fancy free
I was so naive
You were all wrapped
up in a mystery
You looked good to me

And I needed love
I wanted it desperately
But oh, real love
you never came to me

I was lost in a
world of fantasy
Yeah yeah I was caught
caught in your game
of make-believe
Yeah yeah I was lost, lost
in a world of fantasy

(Lost in your world of fantasy)
(Look what you've done to me)
Look what you've done to me
(Lost in your world of fantasy)
(Look what you've done to me)

You were drawin' me
in to your spider's web
with your hungry eyes
I was under your power

I was in your spell
I was hypnotized

And oh sweet love, you

wore such a strange disguise
So neat love, the way
I fell for your lies

I was lost in a
world of fantasy
Yeah yeah I was caught
caught in your game
of make-believe
Yeah yeah I was lost, lost
in a world of fantasy

Lost in a world of fantasy
Look what it's gone
and done to me

All the times you lied
and all the tears I cried
I'm never gonna be
the same again

(Lost in your world of fantasy)
(Look what you've done to me)
Look what you've done to me
(Lost in your world of fantasy)
(Look what you've done to me)
Look what you've done to me
(Lost in your world of fantasy)
(Look what you've done to me)
