Questions of mind - that words never answer  
A test of the heart - we face all alone  
Are we wasting time - I can't help to wonder  
Still we go on - I know that I can't let you go

Chorus:

I'm in love with you (all over)  
I'm in love with you (all over)  
After all that we've been through  
All over again  
Deep in the night lying beside you  
It's se easy to feel the love that we share  
Your body's so warm - and I need to hold you  
Close to my heart, tight in my arms, all of my life

Chorus

You are the one I keep runnin' to  
Runnin' back to your arms  
All over again

Chorus
