I wanna tell you a little story  
I wanna whisper in your ear  
I wanna get your engine running  
I wanna slip you into gear

I got a present in my pocket  
All I've gotta give  
A little present from the rocket  
All I've gotta give

Come on and be my lover  
I'll take you under cover, yeah  
Come on and be my lover  
All I'll be your lovin' man

You got to feel it deep inside, girl  
You got to take it when it comes  
You'll never know until you're tried, girl  
Please don't stop what's just begun

I've got a burning in my body  
Baby, I'm on fire  
I ain't asking nothing naughty  
But won't you get me higher?

Come on and be my lover  
I'll take you under cover, yeah  
Come on and be my lover  
All I'll be your lovin' man

Come on and be my lover  
Come on and be my lover, girl

Come on and be my lover  
I'll take you under cover, yeah  
Come on and be my lover  
Take you under cover

Come on  
Come on  
Come on

Come on and be my lover  
Come on and be my lover, girl
