Droolin' like a dog on a Saturday night  
I've got a fist full of money  
And I'm feelin' alright  
Lookin' for trouble like young boys do  
I've got a bad reputation and an attitude  
Ridin' with the devil  
We're tearin' up this town  
Hear my motor screaming  
Let's put the hammer down

CHORUS:

It's the boys night out  
Dogs begin to howl  
It's the boys night out  
The dogs are howlin' tonight

Walkin' on the wild side out of control  
We're a hard act to follow  
Let the good times roll  
Better lock up your daughters  
When we knock on your door  
You know we love 'em and leave 'em  
Begging for more  
Hidin' in the alley  
Running from the law man's noose  
There's a full moon risin'  
The boys are on the loose

CHORUS
