"Bringing It On Home"

Visit "[Bringing It On Home](#)" on MotoLyrics.com

I see the light shining in your eyes
I feel my temperature start to rise
Sweet lady I've got a surprise
You feel my lovin' down deep inside

Don't tease don't stand me up
I wanna drink from your lovin' cup
Ooh girl I'm singin' to you
You feel my message comin' on through

I'll bring it on home to you
I'm singin' my song for you
I'm singin' it for you

All alone when I came your way
You let me in won't you let me stay
It doesn't happen every day
Don't let it fade away

Got love and I got time
I got a way I'm gonna make you mine
Ooh girl I'm singin' to you
You gotta feel it just comin' on through
