"Fight the Good Fight"

The days grow shorter and
the nights are getting long
Feels like we're
running out of time

Every day it seems much harder
tellin' right from wrong
You got to read
between the lines

Don't get discouraged
don't be afraid, we can
make it through another day
Make it worth the price we pay

The Good Book says it's better
to give than to receive
I do my best to do my part

Nothin' in my pockets
I got nothin' up my sleeve
I keep my magic in my heart

Keep up your spirit
keep up your faith, baby
I am counting on you
You know what you've got to do

Fight the good fight every moment
every minute every day
Fight the good fight every moment
it's your only way

All your life you've
been waiting for your chance

Where you'll fit into the plan

But you're the master
of your own destiny
So give and take the
best that you can

(instrumental)

You think a little more money
will buy your soul some rest
You'd better think of
something else instead

You're so afraid of
being honest with yourself
You'd better take a
look inside your head

Nothing is easy
nothing good is free
but I can tell you where to start
Take a look inside your heart
There's an answer in your heart

Fight the good fight every moment
every minute every day
Fight the good fight every moment
make it worth the price you pay

Every moment of your lifetime
every minute every day
Fight the good fight every moment
make it worth the price we pay
