Well, my teacher told me, "Boy, you're no good  
Because you don't do what you should  
You better shape up, or you're gonna fail"  
But I said, "I'm leavin' 'cause this is a jail"

And I know what you're thinkin'  
But don't pity me, oh no  
I'll be better off out on my own

I can survive  
I know that I can survive just fine  
I said, I can survive  
I said, I can survive on my own

They tried to tell me, they tried to sell me  
"Play music like this, if you want to be smart"  
But I said, "Listen, here's what you're missin'  
Music's got to have a heart"

They put me through many changes  
Faces and names are clear  
But I'll just leave my music  
Ringin' louder in their ears

I can survive  
I know that I can survive just fine  
I can survive  
I know that I can survive just fine

Yeah, I can survive  
Baby, I can survive on my own  
Said I can survive

Now you should know just what to do  
Don't let other people take advantage of you now  
Don't think twice, no, don't hesitate  
Shoot for the top, you gotta deal with fate

And I know you'll feel understand  
And I know that you'll understand  
You got the power, baby  
In your hands, yeah

I can survive  
Baby, I can survive just fine  
I know, I can survive  
Baby, I can survive on my own

I can survive  
Baby, I can survive just fine  
I can survive  
I said, I can survive

I can survive  
I know, I can survive
