Come on, pretty baby
Put your party dress on
Come on, won't you rock it
With me all night long?

Can't we lovey-dovey
Like the way we used to do before, before?
That's what I like
Baby, that's what I like

Let me take you home at night
Everything will be alright
Baby, let me get next to you

Don't you try and tell me
That I'm not your style
Come on and get to know me
For a little while

Can't we lovey-dovey
Like the way we used to do before, before?
Now that's what I like
Baby, that's what I like

Let me take you home at night
Everything will be alright
Baby, let me get next to you

The way you shake and shimmy
Girl, you drive me wild
And when you touch me, girl
You set my soul on fire

Can't we lovey-dovey
Like the way we used to do before, before?
But that's what I like
Baby, that's what I like

Let me take you home at night
Everything will be alright
Baby, don't you hear me say
Let me get next to, let me get next to

Let me get next to you?
