You sit and wonder lonely in the night  
But you can't seem to make up your mind  
There ain't no way to leave all the worry behind

Callin' out for Lady Luck, she just lets you down  
Try to take her as she comes, hang on, turn it around

On and on it goes  
Where it stops, nobody knows  
On and on it goes  
Round and round, and it won't slow down

Is this the right place, the right time?  
Nobody gives guarantees  
How can you tell the sound of opportunity?

Comin' down to the moment of truth  
One word could make it right  
I wonder if you feel it too  
Hey, maybe we're gonna get lucky tonight

On and on it goes  
Where it stops, nobody knows  
On and on it goes  
Round and round, and it won't slow down

You're not the only one in the world  
That can feel something's wrong  
A broken heart, another lonely night  
Still we go on and on and on

On and on it goes  
Where it stops, nobody knows  
On and on it goes  
Round and round, still we go

On and on it goes  
Where it stops nobody knows  
On and on it goes  
Round and round, and it won't slow down  
It won't slow down

On and on and on  
On and on and on
