You may be running, trying to find your way  
Haunted by the memories of yesterday  
You may be crying

You say your dreams have slipped away  
But hold on to the promise of another day  
And when the nights are long, girl, remember  
Wait for the stars to shine

Somewhere tonight  
There's a lonely girl  
With a heart that's aching  
Somewhere tonight  
She's hanging on

Somewhere tonight  
She's still holding on  
To her dreams and waiting  
Searching for love  
Somewhere tonight

Villains and heroes, I've seen them rise  
I've seen them fall  
A little bit of both of them is inside us all  
Baby, you can't deny it  
Your time is gonna come

Send off your dreams in a bottle  
And pray to the rising sun  
And when the lights go down, just remember  
Wait for the stars to shine

Somewhere tonight  
There's a lonely girl  
With a heart that's aching  
Somewhere tonight  
She's hanging on

Somewhere tonight  
She's still holding on  
To her dreams and waiting  
Searching for love

Somewhere tonight

Love has the power to make you so high  
Love has the power to tear you apart  
There comes a time when love brings a tear to your eye  
So don't give it up, baby, don't give it up

Somewhere tonight  
There's a lonely girl  
With a heart that's aching  
Somewhere tonight  
She's hanging on

Somewhere tonight  
She's still holding on  
To her dreams and waiting  
Searching for love  
Somewhere tonight
