I've known girls all around the world
I've met every kind
You say you're something special to me
But honey, never mind

Every time you say you mean it
I whisper something, oh yeah, I can't repeat it
Every time I'm sorry to say
Baby, don't you understand

It takes time, baby, it takes time
To make time, baby, it takes time
It takes time to make time with me

You say that you wanna settle down
Yeah, I guess we might
But we'll be on the road for ninety days
Yeah, we leave tonight

All the time you been schemin'
To try to trick me, oh yeah, you must be dreamin'
Once again I'm sorry to say
Baby, don't you understand

It takes time, baby, it takes time
To make time, baby, it takes time
It takes time to make time with me

It takes time, baby, it takes time
To make time, baby, it takes time
It takes time to make time with me

It takes time, baby, it takes time
To make time, baby, it takes time
It takes time to make time with me

It takes time, baby, it takes time
To make time, baby, it takes time
It takes time to make time with me

It takes time, baby, it takes time
