Words can't describe what I feel
When I'm alone with you at night
Words seem to fail
A single smile upon your face
Will make my day

Words don't explain what it means
To hold you in my arms again
Words, words cannot say
How I love to be with you
In every way

Fly, if you will see me, I'm getting high on love and
feeling
I take your hand, I hold your face
Your lips feel soft, let's make it last for days

Higher, than the eagle
We'll fly away with love and feeling
And I can't wait until you see me
See me again

There are times we're apart
When I think of you
I hold my pounding heart
And all I want to do
Is to be close you
And every time it's like a brand new start

Words, don't explain what it means
To hold you in my arms again
Words, words cannot say
How love to be with you
In every way

I fly if you will see me
I'm getting high on love and feeling
I take your hand
And hold your face
Your lips feels soft
Let's make it last for days

Now, and you will see me
I'm getting high on love feeling
I take your hand
And hold your face
Your lips feels soft
Let's make it last for days

Higher, than the eagle
We'll fly away with love and feeling
Yes I can wait, until you see me again....
