Fire...
Alight the new beginning
Desire...
Make this life worth living

Hands are shaking
Heart is breaking
It's for the taking
Every single thing

Don't lose focus
Because we are halfway there
Inception of the end
Sacrifice all your fear

Fire...
Cleanse the world that would hold me back
Desire...
By throat I release you
Goodbye...

Hands are shaking
Heart is breaking
It's for the taking
Every single thing

Don't lose focus
Because we are halfway there
Inception of the end

Sacrifice all your fear
Don't lose focus
Because we are halfway there
Inception of the end
Sacrifice all your fear
Sacrifice all your fear
Sacrifice all your fear
Sacrifice all your fear

We start this fire
We start this fire
The way we always do

We start this fire
The way we always do
Let the flames consume
The way we always do
Let the flames consume

Don't lose focus
Because we are halfway there
Inception of the end
Sacrifice all your fear

Don't lose focus
Because we are halfway there
Inception of the end
Sacrifice all your fear
Sacrifice all your fear
Sacrifice all your fear
Sacrifice all your fear
