"Power Of Love"

When the power of love takes you all night long
Say yeah, yeah, yeah
You never know why this feeling comes to hit ya
Like a slap across your face
It's a sheer heart attack, an aphrodisiac
Way of our human race
When boy meets girl it's a meeting of desire
Then the eyes begin to spark
No need for pick up lines it's all in body signs
When the magic's in the dark
Oh oh it's a hardline to control
Oh oh makes ya shake, rock, rattle and roll
When the power of love takes you all night long
Say yeah, yeah, yeah
If it feels just right you know it ain't wrong
Yeah, yeah, yeah
When the power of love makes it taste so good
Yeah, yeah, yeah
You can feel it shakin' down the neighborhood
Yeah, yea, yeah
When man and woman engage into the fire
The facts will always prove
No matter what they say no matter what they do
Can't take away the power's groove
Oh oh forget your self control
Oh oh gonna shake, rock, rattle and roll
When the power of love takes you all night long
Say yeah, yeah, yeah
If it feels just right you know it ain't wrong
Yeah, yeah, yeah
When the power of love makes it taste so good
Yeah, yeah, yeah
You can feel it shakin' down the neighborhood
Yeah, yeah, yeah, yeah, yeah, yeah
Unlock the door set the animal free
It's time to let this physical beast out of you and me
